

**ACU-RITE® DRO SERIES**

**100S SERIES**

- The affordable solution to basic machining needs without sacrificing the performance one receives and expects from all ACU-RITE products
- 2- or 3-axis readouts
- 0.0005" resolution, ACU-RITE precision glass scales, 10' braided cables
- Side mount readout bracketry
- X & Y encoder brackets (Z-axis scale and brackets optional)

**200S SERIES**

- This operator-friendly readout system reduces set-up time and increases throughput with application-specific features that meet your milling needs
- Easy-to-read, 14-segment vacuum fluorescent display and sealed, 3-D, tactile-feel, and color keypad
- 2- or 3-axis readouts
- Position-Trac™, a unique feature that lets you easily, quickly and accurately reestablish workpiece zero after power loss
- 0.00002" to 0.0005" resolution ACU-RITE precision glass scales

**VRO 300M SERIES**

- ACU-RITE's toughest and most versatile VRO system features easy-to-view 9" CRT display, sealed, 3D, tactilefeel, color keypad, and built-in assistance, reference tables & calculators
- 2- to 6-axis readouts
- 99 segment linear error compensator with auto calculator
- Advanced functions such as repeat, rotate, mirror, explode and teach position
- 0.00002" to 0.0005" resolution ACU-RITE precision glass scales

**3 Year Hassle-Free Warranty**

NOTE: ACU-RITE® readouts, precision glass scales and accessory items have a hassle-free warranty against defects in material for a period of three (3) years from the date of purchase by the end-user.
